# Oxygen AI Positron for Web Author End User License Agreement

**IMPORTANT:** IMPORTANT: This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and Syncro Soft SRL ("Syncro") for the "Oxygen AI Positron" plugin software product ("the Add-on"). By installing or using the Add-on, you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA, do not install or use the Add-on.

1. License Grants

    a. Grant of License. Upon your acceptance of this EULA, Syncro grants you a non-exclusive, non-transferable, limited license to install and use the Add-on in conjunction with a validly licensed copy of the Oxygen Web Author application. This license is granted solely for your internal business or personal use.

    b. Use of LLM. You acknowledge that use of the Add-on requires a connection to an external LLM service, subject to separate conditions, including any subscription requirements. You agree to comply with all applicable terms and conditions of such service. You are responsible for obtaining and maintaining any necessary accounts, API keys, or subscriptions required to use external LLM service.

    c. Limitations on Third-Party Integrated Environments. This license does not grant You any rights to use the Add-On with any other third-party application that incorporates the Web Author Component (via Oxygen XML SDK). In such cases, please consult the developer of the third-party application for different licensing terms that may apply to you.

2. Privacy and Data Protection

    a. Local Processing and Data Flow. When the Add-On is used, data is transmitted directly between your system and the configured LLM provider. Syncro does not collect, intercept, process, or store any data transmitted to external LLMs in this configuration.

    b. Sensitive Data Warning. You acknowledge that You should not input highly sensitive, confidential, or personally identifiable information into LLM services without proper safeguards and understanding of how such data will be processed by the LLM provider.

    c. Data Collection. By default, the Add-on does not collect or generate any technical information. If explicitly enabled by the end-user, minimal technical information such as error logs may be generated locally on the user's device to provide support. This data does not include the content of your documents or prompts sent to LLMs. The end-user may then choose to send these locally generated logs to us for review.

3. Disclaimer of Warranties and Limitation of Liability

    a. Disclaimer of Warranties. The Add-On is provided on an "AS IS" and "AS AVAILABLE" basis, without warranty of any kind, either express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. You assume all risks associated with the use of the Add-On.

    b. Accuracy of Information. You acknowledge that the Add-On, through its connection to LLMs, may produce inaccurate information about people, places, or facts. You assume all responsibility for verifying any information produced by the Add-On.

c. No Liability for Third-Party Services. Syncro is not responsible for the availability, functionality, security, privacy practices, or content of any external LLM services . Any issues arising from the use of such services are solely between You and the respective service provider.

d. Limitation of Liability. To the maximum extent permitted by applicable law, in no event shall Syncro Soft, its officers, directors, employees, or agents be liable for any direct, indirect, incidental, special, exemplary, punitive, or consequential damages (including, but not limited to, procurement of substitute goods or services; loss of use, data, or profits; business interruption; loss of reputation; or any other commercial damages or losses) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of or inability to use this Add-On, even if advised of the possibility of such damage.

4. Intellectual Property Rights

a. Ownership. The Add-On, including all intellectual property rights therein, is and shall remain the sole and exclusive property of Syncro. This Agreement does not grant You any ownership rights to the Add-On.

b. Restrictions. You may not: i) modify, reverse engineer, decompile, or disassemble the Add-On, except to the extent expressly permitted by applicable law; ii) rent, lease, loan, sublicense, distribute, or transfer the Add-On to any third party; or iii) remove or alter any proprietary notices or labels on the Add-On.

c. AI-Generated Content. As between You and Syncro, You retain all rights to content You create using the Add-On, including AI-generated content, subject to the terms of the external LLM service provider You use.

5. Termination

a. This EULA is effective until terminated. Your rights under this license will terminate automatically without notice from Syncro if you fail to comply with any term(s) of this EULA. Upon termination, you must cease all use of the Add-on and destroy all copies of it.

6. Export Compliance

a. You agree to comply with all applicable export and import laws and regulations. You represent that You are not located in, under the control of, or a national or resident of any country to which the export of the Add-On would be prohibited by applicable law.

7. General Provisions

a. Entire Agreement. This Agreement constitutes the entire agreement between You and Syncro regarding the Add-On and supersedes all prior or contemporaneous understandings and agreements, whether written or oral.

b. Amendments. Syncro reserves the right to modify this Agreement at any time. We will notify You of material changes by posting the updated Agreement on our website or through the Add-On interface. Your continued use of the Add-On after such modifications constitutes your acceptance of the updated Agreement.

c. Severability. If any provision of this Agreement is held to be unenforceable or invalid, that provision will be enforced to the maximum extent possible, and the other provisions will remain in full force and effect.

d. Waiver. No waiver of any term of this Agreement shall be deemed a further or continuing waiver of such term or any other term, and Syncro Soft's failure to assert any right or provision under this Agreement shall not constitute a waiver of such right or provision.

e. Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of Romania. Any dispute arising out of or relating to this Agreement which is not amicably resolved shall be referred to and finally settled by the competent courts located in Bucharest, Romania. The prevailing party in any such dispute shall be entitled to recover reasonable costs and expenses incurred in connection with resolving such dispute, including attorney’s fees.

f. Contact Information. If You have any questions about this Agreement, please contact Syncro Soft at:

- Email: support@oxygenxml.com
- Address: Syncro Soft SRL, Craiova, Romania

8. THIRD PARTY SOFTWARE

Third Party Software. The Plug-In may include certain of the following third party software components. The license terms applicable to such third party software components are listed below:
